FAST TIME ON SOFT TRACK.
Races at Lyndonville Were Followed by Horsemen's Banquet.
Lyndonville, March 10.—Fifteen starters were out for final matinee of the Lyndonville Driving club on the speedway yesterday afternoon, including seven out-of-town horses. The races were exciting throughout and were watched by a crowd that lined the snow path from start to finish. The race between C. E. Ruggles, C. E. R. and Henry Harding's Adine, attracted the most attention, the former winning after three hard drives. The time was good in all classes, considering the soft track. The club entertained about 150 last night at a banquet in Cable's hall, prominent horsemen being present from Manchester, Franklin and Whitefield, New Hampshire, Newport and Barton.

LIFE IN AFRICA.

Told About by Missionary of Thirty Years' Residence.
Rev. Joseph Clark's lecture on life in Africa, delivered at the Congregational church last evening, was attended by an audience which nearly filled the church. Mr. Clark has spent 30 years of his life as a missionary in Africa, mostly in the Congo Free State, and his knowledge of its subject and graphic explanations were such that the interest of the audience was held until the very end.
In his introduction, he spoke of the attempts of the missionaries to get the Belgian government to assist them in their work in the Congo Free State, but instead of this the government hindered them in many ways.
"We ought to show what the missionaries can do in Africa, as they do the work of the world and not of denominations. We are not interested enough in foreign missions. We are not giving enough for their support. But this is coming home to you, this call for the evangelization of the world in this generation. Your boys and girls will want to take up the work, and then your interest will increase."

DO YOU KNOW WHAT IT MEANS?

Most ladies know what it means to buy a new suit, with the idea of having something that is late in design and up to date in style and fit and then when they have got their suit home and are ready to wear it, have your friends tell you it does not fit or it is not the right shape. If we sell you a suit and it gets out of the department without being fitted properly it is a mistake on our part and should be returned and made right. Our motto is to NEVER sell a suit that we will not feel proud to see on the street, because of the fit and style.

LADIES' TAILORED SUITS

Our new Spring Suits are entirely different from those of former seasons. You will say when you see them that they are the noblest Suits you have seen for a number of seasons.

The low-cut roll collar gives them a touch of style that is different, and at the same time very neat. The length of coat is just right for summer wear, coming from 30 to 38 inches long.

The plain Tailored Suit in a nice material with linings to match is among the leading values.

Some of them are finished with more on collar and cuffs, others with fancy weaves in silk, finished with braid.

The new skirts are cut in a variety of plaited styles. Some are cut with plaits around the sides with a dropped-over dounce effect. Others are cut plaited style with self-strapping over hips. But the most popular skirt of all will be the plain, full-plaited skirt.

LADIES' TAILORED SUITS

The above suit represents one of our popular values of the season. It is made of a fine invisible striped worsted, comes in all colors. Coat is made with the wide, deep 2 1/2" x 2 1/2" three button, with roll cluster plaited skirt. Price, \$22.50.

LADIES' WHITE WAISTS

We have just received some new White Waists in extra good values in the season's best styles.

At \$1.00 are three different styles in a good quality Lingerie Waist; are made in the new spring styles, with the new sleeve, and finished with lace and handwork insertion.

At \$1.00 is a fine Lingerie Waist, made fine tucked front and back, with the new sleeve.

At \$1.25 are a number of different styled Waists in the soft Lingerie style. They are entirely new in every way.

At \$2.25 are some new Lingerie Waists made of a fine batiste and finished with muslin insertion.

At \$2.50 is a fine Lawn Waist, made with five rows of fine muslin insertion down the front, with fine tucks below the insertion. Has the new sleeve.

At \$3.00 are a number of styles in the Lingerie Waist. Some are made of all-over muslin, others of fine batiste and finished with muslin insertion.

At from \$3.00 to \$4.50 are some of the best values in Waists we ever have shown.

LIFE IN AFRICA.

Told About by Missionary of Thirty Years' Residence.
Rev. Joseph Clark's lecture on life in Africa, delivered at the Congregational church last evening, was attended by an audience which nearly filled the church. Mr. Clark has spent 30 years of his life as a missionary in Africa, mostly in the Congo Free State, and his knowledge of its subject and graphic explanations were such that the interest of the audience was held until the very end.
In his introduction, he spoke of the attempts of the missionaries to get the Belgian government to assist them in their work in the Congo Free State, but instead of this the government hindered them in many ways.
"We ought to show what the missionaries can do in Africa, as they do the work of the world and not of denominations. We are not interested enough in foreign missions. We are not giving enough for their support. But this is coming home to you, this call for the evangelization of the world in this generation. Your boys and girls will want to take up the work, and then your interest will increase."

As the map of Africa was shown,

the speaker pointed out the possessions of the various countries and stated that not in the territory of England, France, Germany or Portugal had atrocities been committed, but all of these had taken place in the Congo Free State. Later he explained the system of the Belgian government in its Congo army. All of the soldiers are offered by white men, and the black soldiers are taken from hundreds of miles away from the district in which they serve, and therefore have no interest in the people.
He spoke of the system of persecution followed by the government in the rubber industry and showed various pictures of men and boys, taken by himself, whose legs or arms had been cut off by the soldiers of the late King Leopold. Mr. Clark in several instances called the attention of the government to these things, but in most cases got no reply, and when he did, no satisfaction.
The next of the series of pictures were views along the Congo river and showed the railroads, native villages of different classes, the people of the various districts, with many of their customs. He also showed pictures of several of the missions and schools, with their pupils.
In speaking of the game of the country, the speaker mentioned the hippopotamus, and stated that shooting one of them was about as dangerous as shooting a box floating down the stream and about as much sport. He showed pictures of the original house in which he lived upon his arrival in the Congo State.

and of the improvements that have been

made in the building since that time. In speaking of the missionaries and their work, he stated that the black man has in many instances been taught to do the work of God as a layman, and that the missionaries are not all white, by any means. In closing, he again brought to the attention of the audience the fact that there are millions of people in Africa, China, India and South America, who have never heard the gospel story, and for this work he made an appeal for help.

Ask Yourself?

Here's a suggestion! Before you select your wearables for the coming season just look over the situation carefully. Just ask yourself where you are apt to do the best. Ask yourself what store turns out the best dressed patrons—men or boys. Ask yourself what store has the best reputation for selling the best clothes and giving the best values. After the matter is settled, we're sure you'll come here for your clothes.
